# CHILDHOOD TOYS: WHEN WE WERE KIDS...

Taya Guthrie: My favorite childhood toy was a stuffed golden lab named Josie because my pappy gave it to me during a veterans day parade.

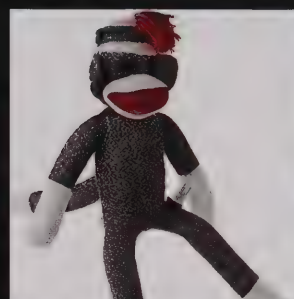

Alison Murphy: My favorite childhood toy was my Barbie dolls because my grandma got them for me. I loved playing in the big Barbie house she got for them.

Noah Beakes: Legos, because I could build whatever I wanted to.

Nikole Frazee: My favorite childhood toy was an American Girl doll. It was my favorite because it was a doll that looked like me and I could dress it up however I wanted.

Darien Hammers: I had a sock monkey when I was a kid and I loved that thing because I had a surgery once and woke up with it.

# Senior Awards

The last event as a class is the annual senior awards night. The evening is meant to recognize and honor seniors and their hard work over the past twelve years. School advisors, teachers and local organizations are involved in the recognition.

To my friends: Thank you for making all my years of school bearable and way more fun! I'll treasure those memories forever! Love y'all!

To my friends: You guys made school easier to handle. Hope we will keep in contact after high school.

To my teachers: Thank you to all my teachers for taking extra time that I needed to understand things and pushing me to keep going and doing better.

Hannah Moyer

To my family: Thank you mom and dad for always supporting me in any and everything I do big or small! love you guys!

Cambria Bowman

To my family: If it wasn't for my grandparents, I wouldn't have made it as far as I have. I love you guys and I will continue to make you proud!

Thank you Josh Collins for being my rock all throughout high school. You made the four years of high school so short and bittersweet!

To my teachers: I have been privileged to have some of the best teachers throughout school. The teachers I've had have helped me so much and have been such a big part of my life.

Kalena Corby

To my family: Thank you for keeping me motivated and supporting me through all these years.

To my friends: I couldn't have made it where I am without y'all. I appreciate each and everyone of y'all more than you know. Thank you, all of you, for everything and all these years.

To Mr. Nazelrod and Mrs. Coffman, both of you really set in stone that I wanted to go into a career of science and possibly even a science teacher. You both are incredible teachers that actually teach science the way it needs to be taught. To Mr. Graham and Mrs. Lewis, both of you made me actually enjoy English class when I used to loathe the thought of English. Last, but certainly not least, thank you chef, for literally everything. You are absolutely amazing and honestly kept me from dropping out of school entirely. I'll miss y'all.

Isabel Lucas

Dear Cami, Thanks for being my best friend.

To my friends: Please, please keep growing. Always strive to be a better person than you were yesterday. I know that sounds like inspirational garbage, but there really is no greater purpose to life. Striving for improvement in both ourselves and the world we live in. That's the most we can do.

To my teachers: Thank you for the work you do. Regardless of which of you read this, thank you for working for the younger generations. The best inside joke there could ever be :)

Rhodes- Thank you for teaching us responsibility and showing us school can be fun. Krupa- thank you for making math so much easier, you were and will always be awesome. Marks- I loved learning new things in your class, it was very interesting.

Coach Tusing and Coach Beeman: thank you for always pushing and motivating me during each Cross Country Meet! If it wasn't for you guys I would have never found my love for running. Even though I couldn't attend practice you guys were definitely the best coaches and mentors I could ever asked for! Thank you so much for everything you have done for me!

Emma Strosnider

To my family: I love all of my family, You all are truly a great example of Godly, hardworking, encouraging, & most up lifting people I will ever know & I'm so glad I can call you my family!! Thank you all!!

To my friends, I have truly learned throughout my high school years that you will lose friends you never thought, but then it actually turns out to make you a better person & be with the right group. Shoutout to the ones that were here all four years(& many more before) Josh, Olivia, and Gracie!! These three are truly people I can call best friends! I love you guys!!

As I sit here & think of all of my teachers I've had the last 12 years there are two main ones that jump out at me...I have never realized how much teachers truly impacted a child's life & my kindergarten teacher (Mrs.Azy) taught me how to be strong & not to be scared, my senior year teacher (Mrs.Rhodes) taught me that no matter how hard it is I will be here for you. Thank you guys I love you!!

Leah Wilt

To my family: Thank you for your endless support and love. I couldn't have made it through without you. I love you all more than life.

To my friends: You all have made my high school experience the best it could have possibly been. Our memories are priceless and I'm so proud of you all. You'll do great things.

To my teachers: I have had many great teachers over the years and I appreciate each and every one of them. Thank you for your support and immense help throughout the years. I couldn't have made it without you!

Kendall Sharpless

Mom, I love you and thank you for being the world's greatest supporter and for pushing me to do my best through all of the challenges. You are the best!

To my teachers: Mr. Graham thank you so much for challenging me to put my mind through challenges! Chef, thank you for the constant check ups when I was stressing over a class!

Brylee Rodeheaver

I would like to thank both of my parents for helping me create a path and set goals. My dad for pushing me to always do better and my mom for providing emotional support through these difficult stages in life. My siblings Bryson, Cameron, Wyatt (Anna), thank you.

To my friends: Josh has been there since the beginning of 8th grade and words cannot explain how much I appreciate him. Between morning Jam sessions, funny stories and gossiping we always have a great time. I didn't know Emma until senior year but she sure does know how to make a day from from a 2 to a 10. Emma is probably the funniest person I know and she doesn't even try. My last shoutout will go to Cambria. Cambria is really important to me. She is the best friend a person could ask for. She can make you laugh even when you don't want to and she's always down to get into anything you bring up. I love Cambria with everything I have.

There have only been a select few teachers that actually stood out to me. Most of these teachers taught at my old school so I won't mention them but they were outstanding teachers. Ms. Zumpano has been one of my all time favorite teachers because she is so laid back but she still follows rules and knows how to teach the material. Mrs. Rhodes is another one of the list. Taking the Allied Health program with Mrs. Rhodes teaching has been one of my best decisions. She not only teaches us how to care for other people but ourselves. She is always giving us advice and support. Without a great teacher like her making ends with students, school wouldn't have been so fun. I like how she makes class seem easy but she still is able to get us to learn and apply.

# 70th Graduating Class

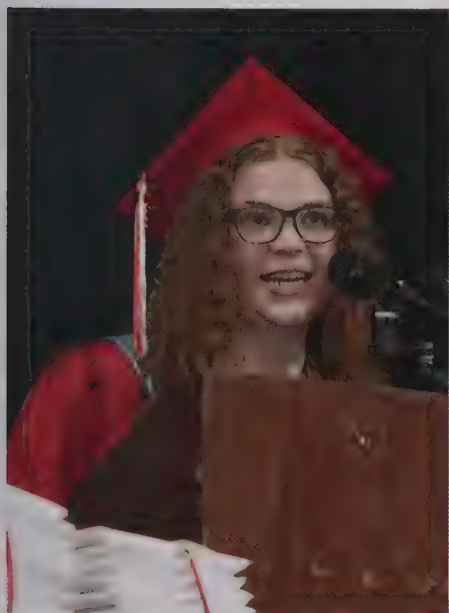

Good Morning ladies and gentlemen, faculty, administration, and most importantly the graduating class of 2022! First, I want to give a big congratulations to everyone for being here today as we have survived many obstacles. The world we live in is plagued with many dangers: global warming, teenage acne, the mile Mrs. Gangler made us run, and the well-known coronavirus. Despite all the odds, and the sleeping through Google meets, unwanted quarantining, and the hated face masks. We still managed to graduate, so let's give ourselves one big round of applause. Imagine, I hand you a timer with one thousand four hundred sixty days on it. Your timer will start counting down on the moment you walk through the doors of Southern Garrett High School on your first day of freshman year. Four years ago when my timer started counting down I remember walking into my first day of freshman year terrified and telling my mom I could not go inside. I was terrified of the "gigantic" school that was filled with scary seniors. Little did I know these would be the best and most unpredictable four years of my life. Sophomore year was just like any other year we were making new friends and memories, finding new interests, and getting used to this whole high school thing. Until March 13 a day we will never forget. We were told we would be back to school in two short weeks, which was exciting because living in Garrett County we all know we never got a spring break. However, those two short weeks turned into halfway through our Junior year. It seemed as if our timer would have stopped and we would be able to pick up where we left off on March 13. However, that was not the case. While we were stuck at home doing Google meets, not making the usual high school memories as we should have. Our timer was running out. At this point less than half of our time remains, to figure out what we wanted to do after school, make lifelong memories, play the sports we loved, and spend time with friends and family. Fortunately, in our senior year, we found ourselves back in the cafeteria dancing while singing Starships by Nicki Minaj at the top of our lungs, as if nothing had changed. We were finally able to gain our bragging rights by winning the Ram Rumble. And now, we are here, after not having the ideal High School Musical life we may have imagined, we have made it! I am blessed to be able to say that these four years have been completely unforgettable and amazing. Growing up we are told that these one thousand four hundred and sixty days would be the best days of our lives. While that may be true, don't forget you have the rest of your life to make amazing. Now is our time to take on the dreams we've been longing for and find our passions. No matter where life takes you always remember you can leave a legacy. How you leave a legacy is not about your accomplishments or successes, it's about your compassion, and how you leave happiness and hope to everyone you cross paths with. You always have the time to leave your mark and make a contribution to future generations. As our timer has run out we will not remember people as what grades they made, their style, or achievements but as how they treated other people. Now to the future doctors, veterans, teachers, entrepreneurs, engineers, and many others that I am standing in front of today, go and leave your legacy and make the rest of your lives amazing! Like Tim McGraw said, always "Hold the door, say "please", say "thank you" Don't steal, don't cheat, and don't lie, I know you got mountains to climb, But always stay humble and kind" Thank You class of 2022! - **Kierra Wilson**

To the Class of 2022. As I stand up here in front of all of you, I can't help but feel not only extremely thankful to be here, but also very proud of all of us. We did it. I have so many people to thank for giving me the opportunity to be here. I want to thank my teachers first. From the beginning of it all at St. Marks, thank you to Miss Becky for establishing our education. Then at Broadford Elementary, thank you to Miss Lynn, Mrs. Swerbinsky, Mrs. Witt, Mrs. Ponceroff, Mrs. Flanigan, and Mrs. Warnick. Also a shoutout to Mr. Ack and Mrs. Quinn. Thank you guys for giving us a foundation for our education and also a place to just have fun and be kids. Then on to Middle School, thank you to Mrs. Parks, Mrs. Gallagher, Mrs. Rodeheaver, and Mr. Thompson. Thank you all for dealing with our mischief. Finally high school. I would like to thank every single teacher I had. I can't list them all because there's a lot, but I truly would like to thank all of my teachers. Every single one of you helped me get to where I am today. But I would like to especially thank Mr. Oxford, Mrs. Jones, Mr. Trautwein, Mr. Beeman, Mr. Krupa, Mr. Graham, Mrs. Krisher, Mrs. Pyle, and Mrs. Gallagher again. I know this is a lot of teachers to thank, from beginning to end, but I truly remember the impact that every single one of these people made on me. They have given me and all of my classmates the opportunities to succeed and challenged us to be not only our best, but better than that. I would also like to thank my dance teachers, Mrs. Brenda, Lexi, and Alissa. Although there was no textbook, I learned so much and made so many memories in my 14 years of dance. You all had such a great impact on my life, so thank you. Next, I would like to thank my classmates. We have been through so much together: elementary school closings, middle school chaos, field trips, dances, plays, Ram Rumbles, and a global pandemic. I'm glad to have these people by my side through it all. I have so many amazing memories with you all. From singing Pop See Co on GoNoodle like every day in 5th grade, making group Google docs in middle school to talk to each other during class, having to sign a big card to apologize to the movie theater (you guys remember), Dr. Ringer fitting into the cabinet in the back of the class, to getting called down to Mr. Skipper's office almost every year in high school for some word in a Google doc (Kelli and Brooke). But don't worry, not all of these memories are of us getting in trouble... There's also making lifelong friendships during elementary school recess, making a dictionary with my best friend of words that only we understood, playing 4-square every morning in gym class, up down 1's and trunk twists with Mrs. Metz, basketball games with the Sixth Man, car rides singing with my friends at the top of our lungs, first days of school, last days of school, and so many more. I wouldn't have wanted to cause all this trouble with any other group of people. Lastly, I would like to thank my family. I want to thank my parents. Mom, thank you for always encouraging me to do my best, understanding when I'm stressed about homework or a project, and helping me this year tour colleges and taking road trips with me. Dad, thank you for all of your advice and for never failing to tell me you are proud of me. You might not know, but I really do listen to you and appreciate every story, no matter how long it takes for you to tell me. To both of you, thank you for encouraging me to challenge myself this year and being so understanding of the stresses of AP classes and college searching. I wouldn't have made it here without you guys. Thank you to my sister Brianna for making my first two years of high school so much fun. Thank you for driving me around all the time and letting me hang out with you and your friends even if you didn't want to. Thank you to my brother, JM, too. Even though you're much cooler than me, make sure to keep working hard. I know you're capable of so much. And thanks Rascal for being my support animal throughout these four years too. I would also like to shout out a few people who I consider my family. To the Nickel family, who basically adopt me at times, thank you for always being here for me, providing a place to stay and have fun, and always making me the best sandwiches. Thank you Betsy, Bob, Danny, Maggie, Molly, Mel, Myron, and Chuck. Lastly, thank you to the Upole family for treating me like one of your own these past few years. I would like to leave off with one message to the younger classes. No matter how cool you think you are, you're never too cool to get involved. Go to the sports events, go to dances and actually dance, go to Ram Rumbles and play the games, take classes that challenge you and actually participate. Putting yourself out there can seem daunting, but being able to look back on your four years and remember all those things is the best feeling. I promise you, it's worth it. As Abraham Maslow once said, "You will either step forward into growth, or you will step backward into safety." Thank you again, and congratulations to the Class of 2022! - **Brooke Holland**

Good morning parents, friends, teachers, mentors, administrators, and of course, the Southern Garrett High School Graduating Class of 2022. As I stand here with my fellow graduates in the Garrett County Fairgrounds AG Heritage Hall, I can think of no location more fitting for a good ole' Garrett County graduation. I must not lie, I am in almost absolute shock standing here before you, reading this speech, which may or may not have been written and composed in its entirety in the notes app of my phone (as has been many an essay and research paper during my high school career). I can only describe this achievement, or triumph, rather, as utterly incredible and surreal. The English language, vast and versatile in its composition of approximately 171,476 words in total, has seemed miserably insufficient to me as I have attempted to use it to describe the magnitude of this great accomplishment. The graduates before you have spent thousands of combined hours crafting the skills that we will take with us as we embark on our varying and unique journeys through the world. We must acknowledge the many accomplishments of our students who have and will bless this world with the ceaseless list of our unique attributes, talents, and gifts. Before you are our future farmers, mechanics, engineers, nurses, lawyers, carpenters, microbiologists, computer scientists, actors, doctors, architects, teachers, psychologists, cosmetologists, and the many, many more varying careers. I must take a moment to discuss some things that are extremely important to me. The dedication with which we have approached our high school careers has not come without a price, and there have been many sleepless nights, much mental distress, and many spells of sadness and anxiety. Despite all that we have faced, together and apart, my fellow students and I have lived through the experience of this mentally tasking time in our lives. From the bottom of my heart, I would like to look at each and every one of you and tell you how proud I am. I am so glad that you are here today. Our high school experience must also not be described without the inclusion of the very thing that has altered our world in recent years: Covid-19. As we were removed from our classrooms, we were first braced with the threat of this nightmarish disease. As the seemingly never-ending pandemic went on, many lost family members and loved ones. If you have lost a loved one or have been particularly impacted with the darkness that accompanies loss and isolation, my heart goes out to you. Your pain does not go unnoticed. In addition to this, we have also grown up in a world where the practice of lock-downs is normalized and the question of "what if" is never far from the front of our minds. This is our reality. In light of both the Covid-19 pandemic and the recent events at Robb Elementary School in Texas, I would like to dedicate this speech to all of those lost due to the detriment of Covid-19 and any sort of school invasion that has taken place in recent years. I, and I am sure that my classmates and their loved ones, are eternally grateful that we made it through and are here today to confidently say that we have graduated high school, safe and sound. A special thanks is in order to each and every teacher, faculty member, family member, honorary family member, friend, and loved one who took the time out of their day to do something as simple as put a smile on one of our faces. Those who became maternal and paternal figures to those in need (Mrs. Coffman, Mr. Coffman, I am looking at you). We would not be here today without you. I would also like to give one last special thank you to my mom, who never fails to cry tears of joy at any milestone. I am quite certain she is bawling now, as a matter of fact. I love you. Thank you for walking with me through the past 17, almost 18, years of my life. As we leave here today, we say goodbye to our normal. My normal, which includes burdening the lovely Mrs. Tanya Lynn Sanders-Manges with my presence in the office whenever I had the chance to come visit; quite literally crying on Mrs. Coffman's shoulder on who knows how many occasions; speed walking into school after pulling into the parking lot at 8:21, often finding Kelli by my side, hoping that we could just barely make it to Mr. Krupa's room (located on the opposite side of the school, might I add) before the bell; and admiring the absolutely unrivaled commitment of those who drove pickup trucks to and from school, as they managed to find and park beside one another unfailingly in their own little line everyday of the year. I am so excited to see where our lives take us (check back in with me at the class reunions so I can see which high school sweethearts got married, who became famous, and how each and every one of you beautiful people has grown into the lives that you will lead). Ultimately, class of 2022, we came, many of us far too eager to escape the era of our lives that was middle school. We saw, and, in my case, fully immersed myself in the art of people watching, a very enthralling and illuminating experience, especially since the interactions between high schoolers, their peers, and their teachers become increasingly more...abstract and entertaining as the four years slip away. And we conquered. The past four years have transformed us. They have been full of firsts, endless fun, and life changing experiences that have allowed us to get the tiniest taste of the adulthood that we think we know so well. At last, it is our graduation day. The past fourteen years of our lives (thirteen for some of us) have been spent leading up to this very day, this very moment, this very accomplishment. While it is a cliché, I must say it. We have done it! We have survived high school! And we are graduates! Congratulations Southern Garrett High School Graduating Class of 2022. I look forward to seeing where the trajectory of our lives takes us. - **Julia Davis**

## One Team, One Mission

"This year had its challenges, but this group worked extremely hard with each practice. Overall, this was a rebuilding year, a year of great obstacles, yet, they improved so much as a whole over the duration of the season. Our goal as a staff would be to finish our season in the top 10 at the TOB Atlantic Coast Championship. To finish 4th was a huge accomplishment. In all my years of instruction, I've not worked with a group who had improved to this degree, starting our first performance with a score of 77.540 and finishing the season with a score of 93.880, a 16.34 point jump. This group truly saved their best performance for last and it paid off. The instructional staff and I couldn't be more proud of them all! They truly lived up to our 2021 Show Theme - #letsmoveforward" -Mr. Weeks

I chose to be in color guard because I love to dance and my mom was in Indoor Guard. She was amazing at it and I strive to be as good as she was. Thank you to my teammates for always encouraging me and pushing me to try my best. I love each and everyone of you." -Elaina James

"I really didn't want to join marching band. But my mom encouraged me. Once I met the people I didn't want to leave. The best things about this season was making a bunch of new friends and riding around the big fat pony after each home show and at ACCs." -Brandon Huerta

"I've been in marching band for six years. This year I earned the title of field captain. I will always remember the friends and memories I made through the years. "Like a phoenix rising from the ashes after three years of dormancy, tennis was reborn at Southern this year. Players fought hard, winning many individual matches and as a team, triumphed in one season match, over Northern and tied Fort Hill. The team was small and young and mostly inexperienced, however they fearlessly challenged greater opponents, while still learning the game. They are to be commended for their great sportsmanship and attentive etiquette. A promising future awaits." -2022 Tennis Coaches

## IN THE SWING OF THINGS

Freshman, Brayden Upole

How many years have you played baseball? 10 years, 1 being in high school.

"I would like to thank the seniors for being good leaders and I would also like to thank the coaches for allowing us to have a good season. I will always remember beating Northern for the first time in 10 years with my brother and my friends."

Senior, Nick Butina

How many years have you played baseball? 1 year.

"I would like to thank my teammates and coaches for a good season. I will always remember beating Mt. Ridge at a home game."

Sophomore, Jack Healy

How many years have you played baseball? 10 years.

"I am going to miss all of the seniors and the memories that we have made. I would also like to thank all of the coaches for helping me improve this year. I will always remember our senior night home game because I made a game winning catch at 3rd base."

Junior, Jadon James

How many years have you played baseball? 9 years

"I will always remember how good of a relationship our team had and how we always found a way to have fun. The game that means the most to me is winning our second game against Northern, giving us confidence as we went into playoffs. I want to remind my teammates to always have fun, no matter what the situation is."

# SOFTBALL

## One Team, One Mission

"Coaches would like to say we are very proud of this team. So many teams had counted us out but we quickly began showing this region what Southern softball was made of. You girls showed the fight we knew this team had within them. The best part of the season was watching this team become family and support one another day in and day out. That was worth more than any record or amount of wins."

# Within these Walls

In a traditional yearbook there are pictures of students and staff at sporting events, dances, activities and in classrooms. But do you ever really look at a school without the people? This page is SHS--the building, the halls, the rooms...without the people.

The annual RAM Rumble was held on Thursday, October 14 on the football field. Normally, the RAM Rumble is held on the day before Thanksgiving break. However, due to Covid and social distancing requirements, we needed a location that was larger and open. Student Council leaders planned and conducted the event. The weather was beautiful and Kona Ice was on site to supply students with cool yummy snow cones.

"I played Bill Crocker in Anything Goes this year. The main thing I'll remember about doing any school play is the other cast members. We spent a lot of time together and developed relationships unique to any other group of students at Southern. To the senior cast: I'm sad to see you go. Thanks for the memories." -Uriah Brobst

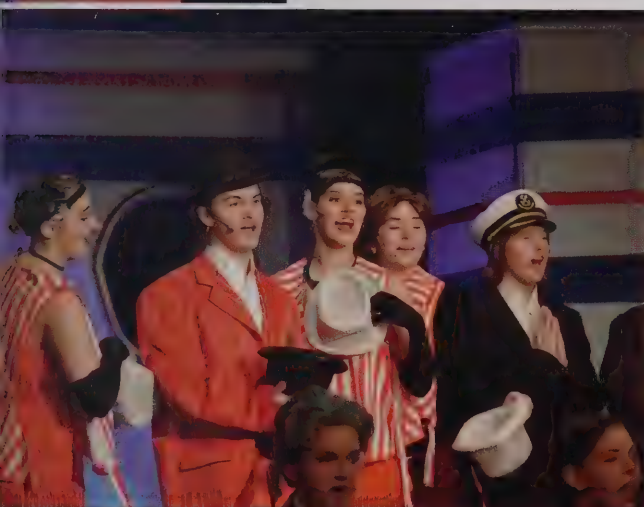

"In Anything Goes I played the British guy, Lord Evelyn Oakleigh. I absolutely loved everything about his character. He is so swag. To Mrs. White and cast members: I love you all."

*-Jewel Long*

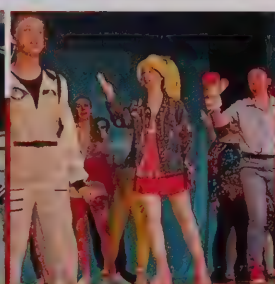

"Playing Plankton in Spongebob was unique in the fact that this play was a much more energetic play compared to others I have performed in. I will always remember the speed rap and it will always be ingrained in my

mind. To my fellow cast members: You are like the coolest people I have ever met for real for real." *-Anabelle Browning*

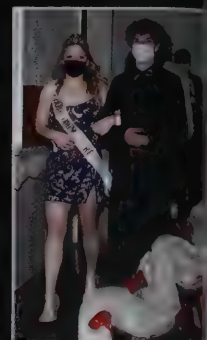

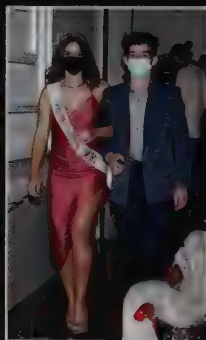

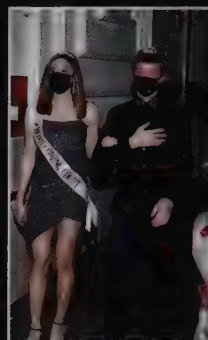

"The small cast of Anything Goes was fiercely devoted to their production. They strapped on tap shoes and learned difficult combinations. They made lightning-fast costume changes because many of them played several parts. They came to extra rehearsals, took precautions so that the whole cast could remain in good health throughout the rehearsal period, and loved each other like family. This cast, and my student teacher Mrs. DeLauder who helped direct, will forever hold a special place in my memory. They were awesome!" *-Mrs. White*

"The Spongebob Musical was a dream to direct! Every member of the company was fully invested in the success of the production. The seniors playing lead roles really motivated everyone else to bring their "A" game. Technical challenges were easily solved by the bright and positive cast. Laura Frederick (Class of 2019) returned to the SHS stage to coach us through some difficult harmonies. The message of the script, that "all are welcome here" resonated with our theatre family. The cast came to dress rehearsals decked out in undersea costumes of their own creation. Their efforts added that last boost of adrenaline we needed to make it through tech week. Now, our senior cast members are headed for bigger places and brighter spotlight. But what a send-off!" *-Mrs. White*

**HOW WE  
DECORATE**  
OUR HOUSE  
& YARD

Whether it was a tree, lights, garland or inflatables, students and staff agree that decorating for the holidays is a necessity. The most popular decoration is the traditional Christmas tree. And even though we receive plenty of snow in the winter a snowman inflatable was the choice for outside.

OUR  
TYPICAL  
MORNING

Some students and their families have non traditional celebrations. However, a typical Christmas morning consists of: waking up early, opening presents, making cinnamon rolls and breakfast, taking pictures, reading the Bible, and going to see family.

5. My family does this game where we count the bulbs on the tree and whoever is the closest to the correct amount wins a prize.
6. Baking Cookies: We always have so much fun eating cookie dough, cutting the cookies out, and decorating them. We also post on Instagram for people to vote for the best decorated cookie.
7. Our family likes visiting nursing homes and distributing gift bags to residents.
8. My favorite tradition is taking dog and cat toys to local shelters and rescues for the animals.

Dear Allied Health Students—It has been a remarkable journey with you all. Thank you for making my first year of teaching memorable and enjoyable. Reach for the stars as I know that you all are able to do great things. Farewell to the most incredible class ever. I miss you already! "Be strong and courageous. Do not be afraid or terrified because of them, for the LORD your God goes with you; he will never leave you nor forsake you. -Deuteronomy 31:16 —With Love, Mama Rhodes

Be safe. Be smart. Be good to one another. Congratulations, yahoos! —Mr. Graham

To our senior student council members, thanks for bearing with us and showing us the ropes during our first year as advisers. We know it wasn't always easy, but we hope you enjoyed your final year. We wish you the best of luck in all your future endeavors. —Mrs. Sessa and Mrs. Sgaggero

To the SHS Computer Science Pathway completers of 2022—First off, I am so unbelievably proud of you. You completed one of the most rigorous pathways at Southern Garrett High School. Whether you are entering the field of computer science or not, you are so well prepared for any career because you know how the future works! Computer scientists are creative problem solvers and I can't wait to see what you accomplish. We started our journey together making peanut butter and jelly sandwiches and your own webpages. I made you complete intricate tasks with frustrating Lego robots. Talk about building character! :) As you moved through the pathway I loved getting to know you all so much better. Who signs up to take a pathway with 2 AP classes and 2 college courses?! You did. And you rocked it! You are the movers and the shakers. If no one has told you this lately, I want you to know that you are important, you are capable and the world needs you! Kelli, Brendle, Emilia, Brooke, Shane, Bryson, Serena, Nick, Dylan, Reece, Evan, Tyler, Morgan, Logan, Quintin, and Mallory, it has been an honor my friends. And to all of the Class of 2022 that I had the pleasure of teaching, best wishes to you! Love, Mrs. Krisher

Congratulations Class of 2022—Your future is just beginning so make the most of it every day. You may not know exactly what you want to do next, and that's okay, but the most important thing is to keep moving forward in a positive way. Life is a marathon not a sprint. Take it all in and be the best you can be every day! —Mrs. Keller

AP Psychology Seniors—Never forget play dough brains, donut reviews, Easter Egg Hunts, crime scenes, analyzing Disney movies, Quintin the Clarifier, pip cleaner neurons, a lot of laughs, a-ha moments and the unconditional regard Ms. Savage has for you (that is teacher love Luci)? —unless these were false memories, thanks Elizabeth Loftus. ;)

The Theatre program would like to thank Mikey Virts, Richard Hill, and the Board of Our Town Theatre for their support of our students. The inaugural Jane B. Avery Memorial Scholarship program was a joy for us. Additionally, we appreciate the loan of set pieces for our musicals.

A big thank you to Preston Sharps, Senior Investment Executive of First United Investments, who has generously sponsored the Stock Market Game for students for over 27 years!!!! This year, student participating experienced a stock market like none before. Mr. Sharps guided the students through the topsy-turvy market and gave encouraging philosophies to assist with stock purchases. Hundreds of Southern students, including 30 of this year's seniors, have participated in the games over the years thanks to the generosity of the Sharps family and First United Investments.  
—Mrs. Athena Wilson

The Theatre program would like to also sincerely thank the Garrett County Public Schools Foundations for it's generous contribution to our students.

Mrs. Denise Hartman would like to acknowledge and thank the following work-based learning experience business partners. Your valued partnership is preparing Garrett County's future workforce by providing work experience, career exploration and building work-readiness skills: Garrett County Roads, Sam's Agway, Patriot Motors, Green Acres, Naylor's Hardware, Fire Fly, HART for Animals, Garrett Container Systems, Simon Pierce, Gregg's Pharmacy, 3rd Street Diner, Auto Land, Community Action, Town of Oakland and HART Pick of the Litter store.

Special thanks to Garrett Regional Medical Center for allowing the Allied Health students the opportunity to shadow the many health care careers available. students were able to witness first hand health careers on many levels including the ER, ICU, and OB to name a few. The students were able to use this experience to eliminate and also build career choices that they either through they would enjoy or did not realize they enjoyed. I would also like to thank Dennett Road Manor Nursing home for allowing the students into the facility to complete the hours needed for their certification. They were able to experience first hand the role of the certified Nursing Assistant. There were many lessons learned while there and many memories and bonds formed with the residents. Thank you again, Mrs. Rhodes

The Theatre program is over whelmed by the generosity of the Garrett County Arts Council, who has gifted us a grant in the form of \$5,000 in operative costs. We are so grateful for your support.

Ms. Zumpano and The **Highlander** yearbook staff would like to thank the MANY individuals, business owners and and organization leaders who purchased an ad in the 2022 yearbook. Purchasing an ad helps keep the yearbook cost down for students and parents. Again, thank you very much and we ask ALL SHS students, staff and parents to shop and support from the advertisers in this yearbook.

## ***A Message from the Highlander Editors and Advisor--***

Congratulations Class of 2022! We did it! I can't wait to see what we all accomplish during this next chapter of our lives. I am very thankful to have had some amazing classmates, friends, and teachers throughout my life. On that note, I would like to say a special "thank you" to Ms. Zumpano for pushing me out of my comfort zone and bringing me out of my shell this past year. Also, thank you for allowing us to have fun in your class. It never felt like the typical school day in your classroom. It was always fun and I have made so many everlasting memories in yearbook. I would also like to thank the rest of the teachers at Southern as you all have helped guide us students in the right direction with not only our education but our life decisions as well. Lastly, for the younger classes, cherish the memories you make in high school because it really does fly by!

-Mallory Wise, Senior Editor

Thank you to the wonderful staff who created the yearbook this year. Thank you for sticking with us even if we didn't get all the material we needed, we still made it work. This yearbook will probably be one of the best ones that we have had for the past few years. I am very proud of my staff. This book looks amazing! Congratulations to the 2022 graduates. This year may have been rocky for a few months but I'm happy to say we made it through. We should be proud of ourselves for graduating. . There are many good opportunities that will come to us through life. Never be afraid to take a chance. Good luck seniors!

-Jazzmen Lynch, Senior Editor

This year's Highlander staff was put in a unique situation. First semester was given the task to complete last year's book AND plan and start on the 2022 yearbook. First semester staff members did an awesome job! I'm proud of their hard work and dedication on BOTH books! With first semester finishing the 2021 yearbook, second semester staff had to pick up the slack. Thankfully, we had some very hard working students who went beyond class requirements and pulled us out from behind and got us to where we needed to be in order for this book to be printed and ready for distribution in the fall. There are five very special seniors that worked hard second semester and I will be forever grateful for their time and effort into finishing pages and selling ads. Mallory Wise, Bryce Richter, Nikole Frazee, Jazzmen Lynch and Keyara Rhodes.....without you this book wouldn't be finished.

Thank you to students, parents, coaches, teachers and community members for your pictures, information, scores, ads, quotes and assistance in creating this memory book for our students. Without you the yearbook would not be in existence.

Thank you to SHS administration and teachers. Your tolerance of me and my students is very much appreciated. I know we can be very annoying at times. Southern High School has **THE BEST** staff!

My goal every year is to give Southern students a book they can look back on and remember this chapter of their lives.....the good and not so good. I hope *Beneath the Surface* does just that and that one day they can look back on these pages and smile. I am honored and proud to teach in the best school in the area.

***In closing, please be kind to one another for you don't know what battle God has given the other person. Trust in a bigger plan and remember sometimes what you are going through isn't always about you. Be kind to animals. They are souls too. Please save a life.....HAVE YOUR PET SPAYED OR NEUTERED!***

***May God bless each one of you! I love you with all my heart!***

-Ms. Zumpano

NOTE: In order to include more activities, events and the World Beat, the yearbook staff decided NOT to include an index in this year's yearbook. We wanted everyone to take the time and go through every page and look at every picture in the book.

This is a student run publication. It is a product of a group of your peers. Although we have made every attempt to make this an accurate and complete account of the year, errors are bound to occur. We may have made some typos, incorrect identifications, errors, or omissions. We apologize for these mistakes. They were not intentional.

The Yearbook staff welcomes complements and criticisms. We also welcome ideas for the upcoming 2023 yearbook. Remember, this is YOUR yearbook. Please see Ms. Zumpano in Room 2205 or email Ms. Zumpano at [maria.zumpano@garrettcountysschools.org](mailto:maria.zumpano@garrettcountysschools.org)

# YEAR TWO++

As the COVID-19 pandemic continued into year two, it offered unexpected challenges. Businesses found ways to innovate and stay afloat. Schools, many of which lost students to homeschooling, developed creative solutions to keep students enrolled and engaged. And while approved vaccines brought the promise of a return to normal, virus variants Delta and Omicron challenged an already-stressed health care system. Even so, 99% of students remained in school full time at the end of 2021.
